Notes:										

Rim has two solar/windmills. Rim having two regular windmills was recorded in error ON 7/20/16.

Antelope Well has two windmills, not three as recorded on 7/20/16.

Hard Scrabble has two windmills, not three as recorded on 7/20/16.

Navajo West Pasture was added, the record for Navajo West Pasture was omitted because the pasture is not on a range unit.

There are two horizontal pumps at Hard Scrabble; one operates with solar. One operating on solar was recorded as solar jack/horizontal pump on 7/20/16..
